Definitions

Note: these terms are standard throughout all policy documents and are designed to provide clarity.

Section 1: The MAT

“the Academy Trust” and “Trust”	mean the Heath Academy Trust Company.
“the Board”	means the Board of Directors of the Heath Academy Trust Company.
“the Directors”	refers to the group of (up to 12) Directors who make up the Board, and who are also the Heath Academy Trust’s “Trustees” under charity law.
“Finance Committee”	refers to the Finance and Audit Committee formed by the Board to manage the financial affairs of the Trust.
“Accounting Officer”	is a role held by the Chief Executive Officer (“CEO”) of the Trust, and one which includes a personal responsibility for the financial resources under the Trust’s control. He is accountable for the Trust’s financial affairs.
“Chief Finance Officer” (CFO)	is the Trust’s finance director, and also the Trust Business Manager, to whom the Accounting Officer delegates responsibility for delivery of the Trust’s financial processes and reports , and for the oversight and consolidation of the Academies’ financial data.
“Trust Business Manager” (“TBM”)	Fulfils the CFO role within the Trust, including compliance and statutory returns, as described in the Academies’ Financial Handbook.
“Leadership Team”	is a team representing the Academies, consisting of the Headteachers and the CEO, and the TBM.

A full description of the positions listed and their responsibilities will be found in the current Academies’ Financial Handbook.

Section 2: The Schools

“Academy”	One of the six schools making up the Heath Academy Trust.
“Academies”	All of the six Academies.
“School”	means an Academy within the Trust.
“Finance Officer”	The person responsible for the day to day management of an Academy’s financial operations.
“Governor”	means a formally elected and appointed member of a School’s Governing Body (generally referred to as the LGB).
“Headteacher”	means the senior person at an Academy who may also be an Executive Headteacher and/or elected as a Director of the Board.
“School’s Leadership Team”	A group within each School consisting of the Headteacher, senior staff and the local Governing Body.

Health & Safety Policy

1. STATEMENT OF INTENT

1.1 It is our policy to carry out our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the

general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, local council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

1.2 Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons.
- Maintain control of health and safety risks arising from our activities.
- Comply with statutory requirements as a minimum standard of safety.
- Consult with all staff on matters affecting their health, safety and welfare.
- Provide and maintain safe systems, equipment and machinery.
- Ensure safe handling, storage and use of substances.
- Provide appropriate information, instruction and supervision for everyone.
- Ensure staff are suitably trained and competent to do their work safely.
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and ill-health.
- Assess risks, record significant findings and monitor safety arrangements.
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements.
- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters.

1.3 Our health and safety management system has been developed to ensure that the above commitments can be met. All staff, governors and directors will be instrumental in its implementation.

1.4 Electronic versions of all Trust policies referred to in this policy can be accessed on the Trust website www.heathacademytrust.co.uk

1.5 Electronic versions of all Trust schools policies referred to in this policy can be accessed on the www.3lxschool.com

2. ORGANISATION

2.1 Employer Responsibility

The overall responsibility for health and safety for The Heath Academy Trust schools outlined below is held by The Heath Academy Trust.

The Trust will:

- Ensure that health and safety has a high profile.
- Ensure adequate resources for health and safety are made available.
- Consult and advise staff regarding health and safety requirements and arrangements.
- Periodically monitor and review local health and safety arrangements.

2.2 Responsible Manager Responsibility

The responsible manager for each Trust school is the Headteacher of each school who will act to:

- Manage, advise and co-ordinate local safety matters.
- Develop a safety culture throughout the school and Trust.
- Consult staff and provide information, training and instruction so that staff are able to perform their various tasks safely and effectively.
- Assess and control risk at their school as part of everyday management.
- Ensure a safe and healthy environment and provide suitable welfare facilities.
- Make operational decisions regarding health and safety.
- Ensure periodic safety tours and inspections are carried out.
- Ensure significant hazards are assessed and risks are managed to prevent harm.
- Ensure staff are aware of their health and safety responsibilities.

- Periodically update governing bodies/Trust Board as appropriate.
- Produce, monitor and periodically review all local safety policies and procedures.

2.3 CEO Responsibility

The Trust CEO will hold overall responsibility for Trust level safety matters.

2.4 Trust Health & Safety Director Responsibility

The Trust Health & Safety Director will manage, advise and co-ordinate at Trust level safety matters on behalf of, and under the direction of the CEO, in conjunction with the Trust Health & Safety Co-ordinator/Officer.

He/she is to work within their level of competence and seek appropriate guidance and direction from the CEO/Headteacher(s)/Trust Health & Safety Co-ordinator/Officer and/or RW Safety Solutions as required.

2.5 Trust Health & Safety Co-ordinator/Officer Responsibility

The Trust Health & Safety Co-ordinator/Officer will manage, advise and co-ordinate at Trust level safety matters on behalf of, and under the direction of the CEO, in conjunction with the Trust Health & Safety Director.

He/she is to work within their level of competence and seek appropriate guidance and direction from the CEO/Headteacher(s)/Trust Health & Safety Director and/or RW Safety Solutions as required.

2.6 All Staff (Including Volunteers) Responsibility

All staff have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the school and Trust health and safety arrangements.
- Ensuring their own work area remains safe at all times.
- Not interfering with health and safety arrangements or misusing equipment.
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions.
- Reporting safety concerns to their staff representative or other appropriate person.
- Reporting any incident that has led, or could have led to damage or injury.
- Assisting in investigations due to accidents, dangerous occurrences or near misses.
- Not acting or omitting to act in any way that may cause harm or ill health to others.

The responsibility of applying local safety procedures on a day-to-day basis rests with all staff. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented. They are to ensure that all new members of staff under their control are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new staff. They are to make periodic inspections of their areas of responsibility, taking prompt remedial action where necessary to control risk.

2.7 Caretaker Responsibility is responsible for undertaking a wide range of typical health and safety related duties on behalf of, and under the direction of their headteacher. If there is no caretaker/site manager, the Headteacher will ensure someone is responsible to undertake these duties. He/she is to work within the parameters of any provided training and in accordance with risk assessments and the on-site safe working practices. He/she is to work within their level of competence and seek appropriate guidance and direction from their Headteacher/Trust Health & Safety Director/Trust Health & Safety Co-ordinator/Officer and/or RW Safety Solutions as required. These will include:

- Legionella temperature and flushing checks.
- Ladder, stepladder and step stool inspections.
- Fire door and fire exit checks – monthly.
- Emergency lighting checks – monthly.
- Fire alarm checks – weekly.
- Supporting asbestos management.

- Fire extinguisher and fire equipment checks – monthly.
- Legionella temperature checking, flushing and run of showerheads

2.8 Fire Safety Co-ordinator Responsibility

Each school has a nominated fire safety co-ordinator who is the competent person for fire safety on the premises and acts on behalf of the headteacher. He/she is to attend an appropriate fire safety training course and refresh this training every three years. The fire safety co-ordinator is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The fire safety co-ordinator is to work within their level of competence and seek appropriate guidance and direction from their Headteacher/Trust Health & Safety Director/Trust Health & Safety Co-ordinator/Officer and/or RW Safety Solutions as required.

2.9 Legionella Competent Person Responsibility

Each school has a nominated competent person for Legionella on the premises and acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely. He/she is to attend training at intervals not exceeding three years and all training records are to be retained.

The Legionella competent person will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with the Legionella ACOP (L8) and HSG 274. Currently we use Aqua Care to undertake all temperature testing and records are recorded using an online system. He/she will advise the headteacher of any condition or situation relating to Legionella, which may affect the safety of their school. He/she is to work within their level of competence and seek appropriate guidance and direction from their Headteacher/Trust Health & Safety Director/Trust Health & Safety Co-ordinator/Officer and/or RW Safety Solutions as required.

2.10 Asbestos Competent Person Responsibility

Each school has a nominated competent person for asbestos on the premises and acts on behalf of the Headteacher to provide the necessary competence to enable asbestos to be managed safely. He/she is to attend training at intervals not exceeding three years and all training records are to be retained.

The asbestos competent person will ensure that all staff have a reasonable awareness of asbestos management and dangers. He/she is to ensure that the appropriate staff are competent in the use of the asbestos register and that asbestos is managed in accordance with departmental and corporate requirements. He/she will advise the Headteacher of any condition or situation relating to asbestos, which may affect the safety of any premises users. He/she is to work within their level of competence and seek appropriate guidance and direction from their Headteacher/Trust Health & Safety Director/Trust Health & Safety Co-ordinator/Officer and/or RW Safety Solutions as required.

2.11 Accident Investigator Responsibility

In each school there will be two accident investigators, one of which will be the Headteacher. The Headteacher will lead on all accident investigations in accordance with the Trust policy.

2.12 Educational Visits Coordinator (EVC) Responsibility

Each school will have a designated trained EVC who will receive formal training every three years. Please refer to each Trust school's EVC policy.

2.13 PEEP Manager Responsibility

The SENCO at each school is the PEEP manager.

2.14 Health & Safety Committee

The purpose of the Health & Safety committee is to assist in the assessment of safety related matters and provide appropriate support to the Trust and its employees. The Health & Safety committee will regularly meet to monitor and discuss on-site health and safety performance, and recommend any actions necessary should this performance appear or prove to be unsatisfactory. Health & Safety committee staff will be kept

informed of all changes in practices and procedures, new guidance, accidents, incidents and risk related matters. Meetings will initially take place half termly for the first year and will then be reviewed.

The Health & Safety committee consists of:

- CEO
- All Headteachers from The Heath Academy Trust schools
- Trust Business Manager
- Trust Health & Safety Director
- Trust Health & Safety Co-ordinator/Officer
- Trust Admin. Manager

2.15 Health & Safety Assistance & Advice

RW Safety Solutions is the competent source of safety guidance for the Trust as required under Reg 7 of the Management of Health & Safety at Work Regulations 1999. Where incident, issues or concerns arise beyond the level of understanding or knowledge in the Trust, then advice from RW Safety Solutions must be sought.

3. ARRANGEMENTS

The following arrangements for health and safety have been developed in accordance with the management of health and safety in the Trust and within all The Heath Academy Trust schools and are to be used alongside other current school/premises procedures and policies.

In carrying out their normal functions, it is the duty of all employees to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

3.1 Accident/Incident Reporting & Investigation

Any accident, incident or injury involving pupils, staff, visitors or contractors is to be immediately reported and recorded in the Accident Report Book held in the main office for each school. A trust wide database is held by the Trust Admin. Manager.

Minor accidents to pupils are to be recorded in the minor accident book which is located in either the:

- First Aid area in the school.
- First Aid box when outside for outdoor activities.
- Off site First Aid bags.

Accident logs are audited, termly, by the Local Governing Body (LGB) for each Trust school. This is completed in order that repetitive casual factors may be identified to prevent reoccurrences.

The more serious accidents that are notifiable to the Health & Safety Executive (HSE) are to be initially discussed with RW Safety Solutions and reported using the HSE's online RIDDOR (F2508) reporting system.

All significant accidents, incidents and near-misses are to be immediately reported to the headteacher. The trained accident investigator is to always conduct a documented investigation into more serious incidents. The purpose and intended outcome of the investigation is to identify the immediate and underlying causes of the accident so as to be able to implement appropriate measures to prevent reoccurrence.

The Headteacher will ensure that the LGB and CEO are appropriately informed of all incidents of a serious nature. All accident/incident reports will be monitored by the Headteacher and the LGB for trend analysis in order that repetitive causal factors may be identified to prevent reoccurrences.

Premises hirers and community/extended service/third party users must report all incidents related to unsafe premises or equipment to the school/premises staff, who will appropriately report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

3.2 Administration Of Medicines

Arrangements regarding medicines are set out in the Administration of Medicines & Supporting Pupils With Medical Conditions Policy for each Trust school.

3.3 Asbestos Management

Asbestos management on site is controlled by the asbestos competent person. The asbestos register is located in the main school office and is to be shown to all contractors who may need to carry out work on site. Contractors must sign the register as evidence of sighting prior to being permitted to commence any work on site. Any changes to the premises' structure that may affect the asbestos register information will require recording in the asbestos register.

Under no circumstances must staff drill or affix anything to walls that may disturb materials without first checking the register and/or obtaining approval from the asbestos competent person.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Headteacher and/or the asbestos competent person who will immediately act to cordon off the affected area and seek appropriate advice. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to the Headteacher and/or asbestos competent person.

3.4 Child Protection

Arrangements regarding child protection are set out in the Trust's Child Protection Policy.

3.5 Community Users/Lettings/Extended Services

Currently there are no third-party lettings at Three Legged Cross First and Nursery School.

In the event of future lettings, the headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements.
- A risk assessment for the activity is completed.
- The premises are safe for use and is always inspected prior to, and after each use. This will be carried out by the school office or the Headteacher.
- Means of general access and egress are safe for use by all users.
- All provided equipment is safe for use.
- Fire escape routes and transit areas are safe and clear of hazards.
- Hirers/users are formally made aware of fire safety procedures and equipment.
- All lettings are managed by the school office.
- All users have public liability insurance.

3.6 Contractors On Site

Where contractors may be required or selected for use then appropriate safe selection procedures are to be used to ascertain competence prior to engaging their services. All contractors will require adequate risk assessments to be sighted to demonstrate their safe working practices for specific work being undertaken.

All contractors must report to the school office where they will be asked to sign the visitors book and asbestos register and will be issued with the local written contractor induction brief that includes all relevant details of fire safety procedures and local safety arrangements.

Staff from each school are responsible for monitoring work areas and providing appropriate supervision, more so where the contractor's work may directly affect staff and pupils on the premises.

3.7 Curriculum Activities

All safety management and risk assessments for curriculum based activities will be carried out under the control of the relevant subject leaders using the appropriate codes of practice.

3.8 Display Screen Equipment

All users must complete periodic workstation assessments and any issues will be actioned as necessary by line managers. Workstation assessments are to be routinely reviewed at intervals not exceeding two years. These will be completed out by all admin/finance staff and the headteachers at all Trust schools. Staff will receive annual refresher training.

3.9 Electrical Equipment

The Headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair equipment.
- Where 13-amp sockets are in use, only one plug per socket is permitted.
- Equipment is not to be used if found to be defective in any way.
- Defective equipment is to be reported & immediately taken out of use until repaired.
- All portable electrical equipment will be inspected/tested at intervals set out below:
 1. Portable electrical equipment will be inspected every two years and have a visual check in the intervening year.
 2. IT equipment will be inspected every two years.
 3. Stationary equipment will be inspected every 3 years.
- Equipment testing/inspection can only be carried out by a competent person, currently Calbarrie.
- Private electrical equipment is not to be brought onto the premises or used unless its use is approved by the headteacher and it has been tested.
- New equipment must be advised to the office staff in order that it can be added to future PAT testing schedules.
- Fixed wire testing will be carried out every 5 years.

Any defective or suspected defective equipment, systems of work, fittings etc. must be reported to the school office and recorded in the appropriate book and attended to as soon as possible.

3.10 Emergency Procedures

General emergency evacuation for non-fire related emergencies is to be carried out in accordance with the school's emergency evacuation plan. All schools have a fire emergency plan for fire related emergencies and an emergency evacuation plan for all non-fire emergencies.

All staff will receive a brief and/or a copy of the emergency evacuation plan at induction and they will be periodically provided with updated information as the emergency evacuation plan is routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans are to be completed, provided and exercised for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident.

3.11 Fire Safety

Arrangements regarding fire safety are set out in the fire safety policy. The fire safety co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The headteacher will ensure through the fire safety co-ordinator that:

- All staff are to complete fire safety training at intervals not exceeding three years.
- Fire safety procedures are readily available for all staff to read.
- Fire safety information is provided to all staff at induction and periodically thereafter.
- Fire safety notices are posted in the key areas of the building close to the fire points.
- Evacuation routes and assembly points are clearly identified.
- Staff are aware of their own responsibilities for knowing the location of fire points and fire exits. They should also know the location of the assembly point in the event of fire.
- All staff are familiar with the flammable potential of materials and substances that they use and exercise maximum care in their use, especially with those marked *flammable*.

- Fire evacuation procedures, fire safety training and fire alarm testing are carried out in accordance with corporate guidance and the premises fire safety manual.
- Fire evacuation procedures are carried out termly at different times and days. This is recorded and shared with staff to enable discussion about the procedure so any amendments/changes can be made as necessary. Fire Marshalls will be used to sweep the area.
- The fire risk assessment is reviewed annually by the fire safety co-ordinator and amended as new hazards or required amendments are identified.

3.12 First Aid

Arrangements regarding first aid provision are set out in each school's First Aid Policy. The names and locations of the first aid trained staff at each Trust school are listed in the First Aid Policy and also clearly signposted around each Trust school.

First aid is never to be administered by anyone except first aid trained staff with in-date training certification, operating within the parameters of their training.

First Aid information is shared with all new staff and volunteers during their induction process.

3.13 General Equipment

All general equipment requiring statutory inspection and/or testing on site (e.g. boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus) will be inspected by appropriate competent contractors either appointed by the Trust or as locally arranged by each Trust school.

Contracts Appointed By The Trust

- Intruder alarms.
- Asbestos management surveys.
- Fire extinguishers.
- Fire alarms.
- Emergency lighting.
- Water hygiene services.
- Boilers.
- Fixed wire testing.
- PAT testing.
- PE/outdoor equipment.

Inspection dates for this list are held at Trust level by the Trust Admin. Manager. All certificates and key documents are kept in the property file in the main school office in each Trust school.

Equipment is not to be used if found to be defective in any way. Defective equipment is to be reported and immediately taken out of use until repairs can be carried out.

3.14 Good Housekeeping

Tidiness, cleanliness and efficiency are essential factors in the promotion of good health and safety. The following conditions are to be adhered to at all times:

- All corridors and passageways are kept free from obstruction.
- Shelves in storerooms and cupboards are stacked neatly and not overloaded.
- Floors are kept clean and dry and free from slip and trip hazards.
- Emergency exits and fire doors are not obstructed in any way.
- Supplies are stored safely in their correct locations.
- Rubbish and litter are cleaned and removed at the end of each working day.
- Poor housekeeping or hygiene conditions are immediately reported.
- External waste contract for the disposal of medical waste.
- All furniture is kept in good condition and replaced as required.

3.15 Hazardous Substances

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used or brought into use on site unless a documented COSHH assessment has been undertaken by the trained COSHH assessor for each Trust school and the product has been approved for safe use on site by the Headteacher.

When using a harmful substance, whether it is a material, cleaning fluid or chemical substance, staff must ensure that adequate precautions are taken to prevent ill-health in accordance with the COSHH assessment completed for that hazardous substance.

Staff must never attempt to use a harmful substance unless adequately trained to do so and then only when using the safe working practices and protective equipment identified in the COSHH assessment.

All hazardous substances are to be stored in the secure and signed storage in each Trust school when not in use. This is to remain locked at all times.

3.16 Inspections & Monitoring

Daily monitoring of the premises, through working routines and staff awareness, is expected to identify general safety concerns and issues which should be immediately recorded in the defect book and reported to either the school office.

Routine documented inspections of the premises will be carried out at least twice a year. Inspection findings are to be recorded locally and records retained.

Defects identified during these routine documented inspections are to be immediately reported to either the headteacher or the main school office and recorded in the defect book. Any identified high level risks or safety management concerns are to be actioned as soon as possible, informing the Chair of Governors for the LGB.

Periodic detailed inspections of the premises' safety management system will be carried out every year by the LGB for each Trust school. These documented inspections will examine all areas of the safety management system.

3.17 Kitchens

The main kitchen area and staff room is only to be used by authorised staff in accordance with the identified safe working procedures. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

At Extended Services lunch provision, breakfast and snacks are provided. Staff working with food preparation will undertake a Level 2 Food Hygiene course.

3.18 Legionella Management

Legionella management is controlled by the Legionella competent person. A competent contractor, Aquacare, manage and undertake all procedures regarding Legionella in accordance with the legionella written scheme. Records of all related training, flushing, temperature monitoring, cleaning & defects are to be retained for auditing purposes.

3.19 Lone Working

All lone working is to be approved by the headteacher and is to be carried out in accordance with their lone working risk assessment and the local written procedures.

3.20 Minibuses

The Trust schools with minibuses will have a dedicated person responsible for the operation and maintenance of their minibuses in accordance with each Trust school's policy at each site.

- St. Ives Primary & Nursery School.
- St. Mary's CE First & Nursery School.
- Three Legged Cross First and Nursery School.

All minibus drivers must have completed a minibus driver check with an authorised assessor (if they hold a full category B licence) or MIDAS training prior to being permitted to drive minibuses.

3.21 Moving & Handling

All staff must complete moving & handling training at periods not exceeding three years. Staff are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific moving and handling training and/or have been provided with mechanical aids in order to work safely. Staff will receive annual refresher training.

Any significant moving and handling tasks are to be specifically risk assessed in order that training requirements and mechanical aids can be accurately determined to ensure that the task is carried out safely. Any staff undertaking regular physical work which would typically include significant moving and handling, he/she must attend a formal moving and handling course specific to the work requirements.

3.22 Off-site Activities

Arrangements regarding off-site activities are managed by the deputy headteacher. All risk assessments should be completed prior to the event and signed off by the EVC, the deputy headteacher or headteacher.

3.23 Physical Intervention

Arrangements regarding physical intervention are set out in the Physical Intervention Policy and recorded in line with the policy.

3.24 Provision of Information

The headteacher will ensure that information systems are established so that staff are periodically provided with information regarding safety arrangements on the premises. These systems are staff meetings, emails and training sessions. Information for parents, carers, volunteers and students is through induction training. The headteacher will ensure that all information is held electronically via their school's shared area and ensure that all staff are made aware of this.

Local health and safety advice is available from RW Safety Solutions who can provide both general and specialist advice.

The *Health and Safety Law* poster must be displayed at each Trust school site and be clearly visible.

3.25 Risk Assessment

General risk assessment management will be co-ordinated by the headteacher and must be undertaken for all areas where a significant risk is identified or a possibility of such risk exists. The trained risk assessor on site is the headteacher who will oversee the correct completion of risk assessments. Risk assessments will be carried out by those staff with the appropriate knowledge and understanding in each area of work.

All risk assessments and associated control measures are to be approved by the headteacher or their delegated member of staff prior to implementation. Completed risk assessments are listed in the risk assessment file and will be reviewed periodically in accordance with each risk assessment's review date as listed for review in the Trust schools bring-up diary system. All staff will have access to their school's Risk Assessments and regular reminders will be issued through emails and meetings.

3.26 Security

Arrangements regarding security are based on the security risk assessment. Our school is kept secure with electronic access main gates and electronic main entrance doors. The main hall door is also alarmed. All visitors report to the main office. An intruder alarm system is managed by ADT. No visitors are admitted to nursery; they must report at the main office in the first instance. Key holders, who are able to unlock the school out of hours are the headteacher, caretaker and deputy headteacher.

3.27 Smoking

Smoking is not permitted on the premises of any Trust school. This includes e-cigarettes and vapes.

3.28 Hot Drinks

No open cups of hot drinks are allowed in the classrooms or the playground during school hours or when children are still in the classrooms, for example, a club after school. All hot drinks taken between the kitchen and the office must be transported using a sealed lid to avoid spillage and scalding.

3.29 Stress & Wellbeing

The Heath Academy Trust is committed to promoting high levels of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with staff will be periodically reviewed and acted upon in accordance with the Health & Safety Executive's Management Standards, guidance and requirements.

On-site arrangements to monitor, consult and reduce stress situations are through staff meetings, periodic training, annual questionnaires, INSET training and an integral part of any back to work meetings and procedures. Back to work meetings and procedures are carried out.

3.30 Swimming Pool Management

Arrangements regarding swimming pool management are set out in the relevant Trust school's Swimming Pool Policy & Procedures and in accordance with the HSE's HSG179. Our school does not have a swimming pool.

3.31 Traffic Management

Arrangements regarding on-site traffic safety are based on each Trust school's traffic risk assessment and are set out in the on-site Traffic Policy & Procedures.

3.32 Training

Health and safety induction training will be provided and recorded for all new staff/volunteers at all Trust schools in accordance with the New Staff Health & Safety Induction Checklist.

The headteacher is responsible for ensuring that all staff/volunteers are provided with adequate information, instruction and training regarding their safety at work. A training needs analysis will be carried out from which a comprehensive health and safety training plan will be developed and maintained to ensure health and safety training is effectively managed for all staff who require it.

All staff will be provided with the following as a minimum training provision:

- Induction training regarding all the requirements of this Health & Safety Policy.
- Appropriate local training regarding risk assessments and safe working practices.
- Updated training and information following any significant health and safety change.
- Specific training commensurate to their own role and activities.
- Periodic refresher training that will not exceed three yearly intervals.

Training records are held by the office, in the Health and Safety training file, who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan and managing the planning of refresher training for all staff. The Trust will have access to review training records as required.

3.33 Violent Incidents

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at any of the Trust school sites.

Staff must report all such violent and aggressive incidents to ensure that there is an awareness of potential issues and/or injuries and so as to enable incidents to be appropriately investigated so that reasonable actions may be taken to support those involved and reduce the risk of similar incidents occurring in the future. Violent incident reporting is totally confidential.

3.34 Visitors

All visitors must initially report to each school's main office reception where they will be provided with the key health, safety and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors will be provided with emergency evacuation information and will be issued with a visitor's badge. They will be provided with a leaflet covering safeguarding information, mobile phone expectations and health and safety procedures. Staff within Trust schools who are wearing a designated Trust ID badge will not be required to wear a school specific visitor's badge once they have signed in.

3.35 Work at Height

Work at height is always to be undertaken in accordance with the Work At Height Policy. General work at height will be undertaken in accordance with the on-site generic risk assessment for work at height, which identifies general requirements and safe working practices. Specific or higher risk tasks will be carried out in accordance with a specific risk assessment for that task. Our school has A Frame ladders only.

The competent person for work at height on the premises who has attended training is authorised to:

- Use steps, stepladders and leaning ladders in accordance with their training.
- Provide step stool instructional training briefs to staff in accordance with policy.
- Provide stepladder and steps training to staff (not leaning ladders).
- Carry out periodic inspections of all on-site ladders, stepladders and podium steps.
- Remove access equipment from use if defective or considered inappropriate for use.

The competent person for work at height and all other staff are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers and mobile elevated work platforms.

Work at height on the premises is only permitted to take place under the following conditions:

- Any work to be carried out at height must be underpinned by a risk assessment.
- Access equipment selected for work at height must be as per the risk assessment.
- Any staff working at height must be appropriately trained to use the access equipment.
- Staff are not to improvise or use alternative access methods of their own choice.
- Use of any furniture, including tables and chairs, is forbidden for any work at height.
- Staff may only use step stools if they have received a local instructional training brief.
- Staff may only use stepladders if they have received training from the ladder and stepladder competent person.
- Staff may only use leaning ladders if they have personally attended appropriate training at intervals not exceeding three years.
- Any safety concerns about a work at height task must be raised prior to work starting.
- Access equipment used on site such as ladders and stepladders must only be that provided and are never to be lent to, or borrowed from third parties or contractors.
- Contractors working at height must only use their own access equipment.

APPENDIX 1 **TRUST HEALTH & SAFETY POLICY STATEMENT**

The Board of The Heath Academy Trust, the employer of the staff who work in its schools, recognises and accepts its responsibility for providing a safe and healthy environment for the staff employed in the schools, for the children attending the schools and for visitors and contractors who come on to the school premises.

The Heath Academy Trust will take reasonable steps to fulfil these responsibilities within the framework of the Health & Safety at Work etc. Act 1974 and the Management of Health & Safety at Work Regulations 1999, as well as those other Regulations, Approved Codes of Practice, Guidance etc. made under this legislation. The Heath Academy Trust will ensure that appropriate policies and procedures are in place and kept up to date.

To this end, The Heath Academy Trust will engage the services of an appropriate health and safety consultant to advise the staff of The Heath Academy Trust and its schools on all related matters and to provide The Heath Academy Trust with up-to-date information in relation to its health and safety responsibilities.

The responsibility for the implementation, monitoring and ongoing management of each school's Health & Safety Policy within The Heath Academy Trust rests with the Headteachers, who shall have responsibilities for ensuring effective management, so far as is reasonably practicable, of all health and safety matters affecting the operations and activities of the school. These include those organised on behalf of the school but being undertaken away from the school site. To do this effectively the Headteachers will work with the Trust and keep the Health & Safety Lead Director fully informed of all matters affecting the health, safety and welfare of staff, pupils, visitors, contractors and other persons under their responsibility.

Each and every member of staff at The Heath Academy Trust must recognise that, under the Act, they have a personal responsibility for their own safety as well as for the safety of anyone who may be affected by their acts or omissions at work. They also have to co-operate, as far as is reasonable, with their employer in fulfilling its duties under the Act and supporting legislation, as well as under The Heath Academy Trust's Health & Safety Policy and the specific Health & Safety Policy relating to the school in which they work.

The specific roles, responsibilities, organisation and arrangements through which The Heath Academy Trust, headteachers and staff aim to fulfil the requirements, are set out in each individual school's Health & Safety Policy.

The Heath Academy Trust will ensure that sufficient resources are allocated to ensure, as far as is reasonably practicable, that employees, pupils, visitors and contractors are kept healthy and safe.

The Heath Academy Trust will regularly monitor and review health & safety performance and standards at each academy within the Trust to ensure standards are continually met. A member of the Board will be nominated as the Health & Safety Lead Director and will be responsible for ensuring all health & safety requirements are robustly monitored and effectively managed with regular reporting back to the Trust.
